Superintendent of Recreation

Dear Residents,

It is with much pleasure that I cite the many natural treasures, facilities and recreation programs that our township offers each year. Smithtown's parks, beaches, cultural and historic sites afford our residents access to some of the most beautiful areas that Long Island has to offer. Smithtown's stature as a beautiful town in which to live and raise our children continues today as strongly as it did in years past.

The Smithtown Recreation Department is pleased to continue offering on-line registration for all programs and encourages you to take advantage of this convenience. Also, by utilizing many of our natural resources it affords residents the opportunities to pursue their favorite leisure pastimes, regardless of age or interest. I would direct your attention to Hoyt Farm Park in Commack and our fine beaches in Fort Salonga and Saint James. In addition to these beautiful locations, we are fortunate to have a complete network of 20 neighborhood playgrounds and over 38 athletic fields for youth and adult recreation, as well as diverse cultural and historic sites.

You will want to take notice of the spray parks at Charles P. Toner Park in Nesconset and Veteran's Memorial Park in St. James. These features are designed to make our facilities more enjoyable for all our residents.

The Recreation Department welcomes any suggestions and comments regarding programs. Please contact the Recreation Department at the Paul J. Fitzpatrick Municipal Golf Course and Pool Complex at 495 Landing Avenue, telephone 360-7644, or email Recreation@tosgov.com. Information on parks and beaches may be obtained by calling the Smithtown Parks Department at 269-1122 or by visiting www.smithtownny.gov.

Sincerely,

PATRICK R. VECCHIO
Town Supervisor

A Message To Residents

Once again the Smithtown Recreation Department has put together a vast array of programs to suit your leisure needs. We strongly encourage registering on-line for all our programs. Have a safe, enjoyable summer!

Sincerely,

Thomas J. McCaffery, Superintendent of Recreation

Proper Disposal of PAINT

Improperly discarded paint may stain roadways, harm wildlife, contaminate streams and pollute drinking water supplies. For this reason, liquid paint should never be poured into storm drains or placed curbside with your household trash.

The best way to deal with unwanted paint is to give it to someone who can use it. If that's not possible, paint should be solidified for disposal.

For paint cans with a small amount of liquid, remove the lid and allow the paint to dry for a few days in a safe weather protected location. When dry, double-bag the can in clear plastic and place it curbside for collection with your regular garbage.

For cans with too much paint to air dry, mix in sawdust or cat litter to solidify the paint. Double-bag the can in clear plastic and place it curbside for collection with your regular garbage.
